**Customized Training in Your Workplace is Available**

In today’s rapidly changing economic climate, new models of learning and instruction delivery are needed for communities to maximize their fiscal resources. Municipalities, counties, nonprofit organizations, schools, and special districts can do this by pooling their training dollars towards collaborative learning opportunities.

Customized training provides for pricing that is modified to fit your needs and budget. Take advantage of guaranteed minimum attendance in order to ensure opportunities for cross-sector inter-governmental participation. For more information contact the CivicLeadershipAcademy@niu.edu today!
